

BUILT FOR THE SHOP. READY FOR THE ROAD.

We put together a USA-inspired playlist for the people who keep things moving. Hit play and take it with you on the job, in the truck, or at home.

SLICK MIST CAR CARE KIT **LUCAS OIL**

- Safe for multiple surfaces
- Complete kit cleans, shines & protects exterior surfaces
- Fast, easy spray application for quick detailing anytime
- Deep gloss finish enhances paint, chrome, glass & trim
- Protective barrier helps repel dust, dirt & water
- Includes premium microfiber towel for streak-free results
- Ideal for maintaining a showroom shine between washes

LUC10558 **\$23.76ea**

STYLUS PRO PENLIGHTS

- White LED delivers 100 lumens with a 62 m beam, and runs 8 hours
- Push button tail switch - momentary or constant on
- Includes (2) AAA batteries and holster
- Low battery indicator: strobes when batteries need replaced

YOUR CHOICE

Red **SR66120** Silver **SR66121** Blue **SR66122**

WORKSTAR RECHARGEABLE CYCLOPS WORK LIGHTS

- Up to 720 lumens with multiple light modes to match any job
- 360° rotating handle plus built-in magnetic base
- Long runtimes with quick 3-hour recharge
- Water-resistant, dustproof, and ready for automotive, HVAC, and industrial work

YOUR CHOICE
\$42.76ea

Red **MAX00810** Blue **MAX00814**

OMEGA II MEGA RATCHET HARD HATS

- 6-point suspension with Mega Ratchet adjustment for fast, precise sizing
- Durable HDPE shell built for tough industrial and construction environments
- Moisture-wicking, washable brow pad keeps you cool and fresh on the job
- Meets ANSI safety standards for reliable protection

YOUR CHOICE
\$9.76ea

Red **ERB19954** White **ERB19951** Blue **ERB19956**

SOLAR AUTO-DARKENING WELDING HELMET

- Automatically changes from a light to a dark state as arc is struck
- Outside sensitivity adjustments provide clear vision both prior and during welding
- Special turnover headband mechanism allows for greater comfort and reduces fatigue
- Utilizes high performance solar cells with 2 built-in 3V lithium batteries as power back-up

TL41265 **\$130.76ea**

FIRESTIK 2 ANTENNA

- Made in America
- Custom blended glass fiber reinforced shaft for flexibility and ruggedness
- 3/8"-24 threaded base
- 5/8 wave length design rated at 300 watts

T2000 ANTENNA

- AM/FM Ready
- 10" shaft with a 49" whip
- Rated at 3,500 watts
- Static reducing weather cap, weather-band ready
- Stainless steel center loaded coil
- Frequency range: 26MHz to 30MHz

NOISE CANCELLING MIC

- Stars-n-Stripes designed rugged housing
- Double chrome plated grille screen
- Dynamic noise canceling element
- Stainless steel super-flex cord with durable strain relief

B350XT HEADSET

- Industry-leading 96% noise cancellation
- Offers up to 24 hours of talk time
- IP54-rated protection against dust and moisture
- Up to 300ft / 100m wireless range

WYPALLS X80

- Heavy-duty cleaning power for grease, oil, and grime
- Fast-absorbing Hydroknit® material outperforms shop rags
- Strong wet or dry for tough scrubbing jobs
- Low-lint, textured surface for cleaner, more efficient wiping

SCOKC41055

\$97.76ea

RAGS IN A BOX

- Cloth-like, all-purpose towels for tough jobs
- Absorbs 2x more, stronger when wet
- Durable for grease, spills, and cleanup
- Works wet or dry across tasks
- Portable pop-up box keeps wipes clean & handy

SCO75260

\$17.76ea

THE ORIGINAL SHOP TOWEL

- Strong, absorbent shop towels handle grease, oil & spills
- Cloth-like feel for tougher, more efficient wiping
- Durable wet or dry for demanding cleaning tasks
- Low-lint design for cleaner surface prep

SCO75130

Roll

HIGH STRENGTH RED THREADLOCKER

- High-strength (permanent) red threadlocker designed to lock threaded fasteners and resist vibration loosening
- Temp. range: approx. -65°F to 300°F (-54°C to 149°C)
- Best for heavy-duty fasteners (typically 3/8" - 1") like studs, frame bolts, and suspension hardware
- Can replace mechanical locking methods like set screws or lock washers
- Removal requires heat (~500°F) or significant force

\$4.76ea

LOC27100 6mL

\$10.76ea

LOC27110 10mL

\$23.76ea

LOC27140 36mL

MEDIUM STRENGTH BLUE THREADLOCKER

- Medium-strength, removable threadlocker (hand tools)
- Works best on clean, dry threads - needs proper degreasing for full strength
- Temp range: about -65°F to 300°F (-54°C to 150°C)
- Good for general maintenance (valve covers, brackets, light engine work)
- More "basic" formula - lower tolerance to oil/contamination

\$12.76ea

LOC24010 10g

LOC24210 10mL

\$23.76ea

LOC24240 36mL

HIGH STRENGTH HIGH-TEMP RED THREADLOCKER

- High-strength, high-temperature red threadlocker designed for extreme heat and vibration environments
- Temp. range: approx. -65°F to 450°F (-54°C to 232°C)
- Best for critical engine components (crankshaft bolts, cam sprockets, transmission shafts, etc.)
- Prevents loosening from heat stress, shock, and severe vibration in high-performance applications
- Removal requires high heat (=500-600°F) plus tools

\$9.76ea

LOC27200 10mL

\$31.76ea

LOC27240 36mL

MEDIUM STRENGTH SURFACE INSENSITIVE BLUE THREADLOCKER

- Medium-strength, removable threadlocker
- Oil-tolerant / "surface insensitive" - works on lightly oily or unclean threads
- Better on stainless, plated, or passive metals without primer
- Higher temp capability (~360°F / 180°C typical)
- More versatile for real-world use (engines, field repairs, used hardware)
- Ideal for fasteners 1/4" - 3/4" (6mm to 20mm)
- Removable with hand tools for easy disassembly

\$9.76ea

LOC24300 10mL

COILED HOSE ASSEMBLIES

- Durable nylon construction with brass fittings resists wear, chemicals & extreme temps
- Excellent recoil memory helps prevent sagging, tangling, or kinking
- Swivel fittings on both ends for quick, easy hookups
- DOT-compliant & rated up to 150 PSI for reliable performance in demanding conditions
- Ideal for truck & trailer air systems

\$51.76ea

GRO810015

\$59.76ea

15' Long with 12" & 40" Leads
GRO81001540

COILED HOSE ASSEMBLIES

- Flexible coil design with strong recoil memory helps prevent kinking, tangling & drag
- Durable rubber/thermoplastic construction stands up to weather, abrasion & road chemicals
- Pre-assembled with gladhands
- Reinforced ends & fittings for long-lasting performance
- Color-coded emergency & service lines

3/8" RUBBER AIR HOSE

- 3/8" I.D. standard size
- Easily identify service vs. emergency lines
- 225 PSI working pressure
- Performs from approx. -40°F to 200°F+
- Stands up to gasoline, diesel, oil, and road chemicals
- Abrasion & weather resistant
- Meets industry standards SAE J1402 / FMVSS
- Made in USA

NYLON AIR BRAKE TUBING

- UV & ozone resistant for extended outdoor life
- Chemical resistant to gasoline, diesel fuel, and common contaminants
- Excellent flexibility for easy routing and installation
- Aging resistance against heat and light exposure
- Wide temperature range: -40°F to 200°F
- Meets or exceeds SAE J844 and DOT FMVSS 571.106 standards
