## FPPF® TOTAL POWER

The Ultimate Formula for Year 'Round Treatment

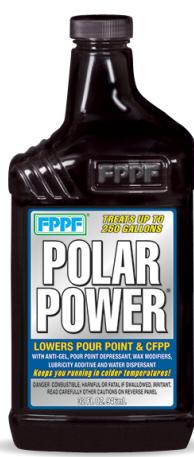

Total Power is the most powerful combination all-in-one formula on the market today! We have taken the best ingredients from our other powerful additives and combine them to make the Ultimate Year 'Round Formula. Total Power includes an injector cleaner, lubricity additive, cetane improver, water eliminator, fuel stabilizer, wax modifiers, and pour point depressant that lowers the CFPP (Cold Filter Plug Point) of the fuel. We meet or exceed all fuel standards. We turn your diesel fuel into a Premium Diesel fuel for around \$0.09 per gallon. This can be used year 'round anywhere, in any climate. Continued use of Total Power as a preventative additive will help eliminate the environment for bacteria to grow in, eliminate water issues, keep injectors operating at peak performance and so many other benefits.

Switch to the Ultimate Year 'Round premium additive - Total Power. Turn your fuel into a Premium Diesel Fuel and save money!!

#### Product Features:

<input checked="" type="checkbox"/> Alcohol Free	<input checked="" type="checkbox"/> Increased Fuel Economy	<input checked="" type="checkbox"/> More Power
<input checked="" type="checkbox"/> Cetane Improver	<input checked="" type="checkbox"/> Increases Combustion	<input checked="" type="checkbox"/> Pour Point Depressant
<input checked="" type="checkbox"/> Corrosion Inhibitor	<input checked="" type="checkbox"/> Long Term Stabilizer / Metal Deactivator	<input checked="" type="checkbox"/> Removes Gum & Varnish
<input checked="" type="checkbox"/> Fuel Stabilizer	<input checked="" type="checkbox"/> Lowers Cold Filter Plug Point	<input checked="" type="checkbox"/> Water Eliminator
<input checked="" type="checkbox"/> Hydrogen Polar Bonding	<input checked="" type="checkbox"/> Lubricant (Exceeds HFRR)	<input checked="" type="checkbox"/> Wax Dispersant

Perfect for: Winter Year 'Round Bulk Treatment Construction Trucking

## FPPF® POLAR POWER

Deluxe Anti-Gel, Water Eliminator, and Injector Cleaner

Eliminate water and gelling during the coldest winter months with FPPF Polar Power. This unique formulation combines all the benefits of FPPF Fuel Power with the most advanced cold flow improver on the market. Polar Power provides superior winter protection with improved low temperature handling characteristics. The way to avoid downtime when the temperatures plummet is to regularly treat your fuel with FPPF Polar Power. No more downtime due to cold. Polar Power lowers the Cold Filter Plug Point of your fuel allowing you to continue to operate in colder temperatures. If your fuel has already gelled up - us Melt Down SOS Emergency Road Treatment to get yourself running again.

#### Product Features:

<input checked="" type="checkbox"/> Hydrogen Polar Bonding	<input checked="" type="checkbox"/> Removes Gum & Varnish
<input checked="" type="checkbox"/> Lowers Cold Filter Plug Point	<input checked="" type="checkbox"/> Water Eliminator
<input checked="" type="checkbox"/> Pour Point Depressant	<input checked="" type="checkbox"/> Wax Dispersant

Perfect for: Winter Bulk Treatment Trucking
